 In some cases improvement projects greatly affect the surrounding neighbors. Although final approval rests with the Architectural Review Board, the Board reserves the right to consult with your immediate neighbors about your proposed plans. You **MUST** list the names of neighbors whose property border yours on each side. If your project will be seen by the neighbors across the street or behind your property, they **MUST** also be listed. Next to their names, indicate by "yes" or "no" whether or not they support your plans. Obtain their signatures to show that they have been notified. Your application will not be processed unless these names are listed.
